TASK 1

The screenshot shows the Microsoft Azure portal interface. The browser tabs include 'Create Your Azure Free Account', 'Welcome to Azure - Get Started', 'CreateVm-MicrosoftWindowsSe...', and 'Sign in - Google Accounts'. The address bar shows the URL: `portal.azure.com/?quickstart=true#view/HubsExtension/DeploymentDetailsBlade/~/_/overview/id/%2Fsubscriptions%2Fb66021fe-798c-48c3-b945-482...`. The page title is 'CreateVm-MicrosoftWindowsServer.WindowsServer-201-20250405195238 | Overview'. The left sidebar shows 'Overview', 'Inputs', 'Outputs', and 'Template'. The main content area displays a green checkmark and the text 'Your deployment is complete'. Below this, it shows deployment details: 'Deployment name: CreateVm-MicrosoftWindowsServer.WindowsSe...', 'Subscription: Azure subscription 1', 'Resource group: NewResourceGroup', 'Start time: 4/5/2025, 8:00:33 PM', and 'Correlation ID: d5e5effd-7041-4b8c-bf25-f4b3f...'. Under 'Next steps', there are three recommended actions: 'Setup auto-shutdown', 'Monitor VM health, performance and network dependencies', and 'Run a script inside the virtual machine'. At the bottom, there are buttons for 'Go to resource' and 'Create another VM'. On the right, there are sections for 'Cost Management', 'Microsoft Defender for Cloud', 'Free Microsoft tutorials', and 'Work with an expert'.
